

Working Group Monitoring... State of Play

BFUG Board, Sarajevo

Tone Flood Strøm

30 March 2023

2024 Bologna Process Implementation Report

- Following the commitments of the Rome Communiqué
- Based on several sources:

BFUG questionnaire (qualitative indicators)

Eurostat data (quantitative indicators)

Other sources for specific issues (eg ENQA, EQAR, ESU, EUA, Eurostudent, V-Dem, Scholars at Risk)

Developments since Brno BFUG...

- BFUG questionnaire finalised and sent out mid March;
- Deadline mid May (BFUG meeting in Stockholm)
- Eurydice team in place to support with any technical issues
- Key message to BFUG members is to plan and start the work now, as the allocated time is needed...

Developments since Brno BFUG...

- Statistical data will be collected by a specialised company (Agilis) under contract with EACEA
- First meeting for this contract today (in parallel with BFUG Board)
- Eurostat data will be used for all countries that are part of the European statistical system
- In other countries, data will be collected from national statistical offices (BFUG members may be asked to support if communication issues arise)

Next steps

- Monitoring WG meeting towards the end of April:
- Will discuss work of the statistical data collector (hopefully)
- Focus on possible changes to qualitative indicators (eg new Scorecard indicators, changes to categories etc)
- Proposals will be forwarded to the BFUG
