Reference to the Rome Communiqué

"We commit to building a more closely connected and sustainable higher education community, which fosters inclusion, communication, cooperation, and solidarity, essential for the relevance and excellence of the future EHEA. To accomplish this, we commit to keeping our national higher education sectors informed about and involved in EHEA developments, and to working closely with student and higher education associations and networks on the development and implementation of national reforms. We recognize the importance of the broad consultations carried out to identify priorities for the future of the EHEA and ask the BFUG to organize EHEA events such as transnational seminars, workshops and hearings involving the wider higher education community (students, academic staff and external stakeholders), to discuss present and future goals and explore collaborative ways to address them."
