PREVIOUS COMMITMENTS- WHAT HAPPENED?

- Roundtable Discussion- Guiding Questions
 - Which commitments have been implemented, and which have not?
 - Did the implemented commitments have fruitful results?
 - Why weren't some commitments followed-up upon?
 - What can the BFUG do to ensure that commitments in the Social Dimension are abided to?

CREATING THE PRINCIPLES AND GUIDELINES (PART I)

- Why has the BFUG mandated this Advisory Group to create these Principles and Guidelines? Why are they needed? What will they lead to?
- In an ideal situation, what would these Principles and Guidelines look like?
 - Groups to take into consideration content, structure etc.
- What are the strengths and challenges to achieve this vision?

CREATING THE PRINCIPLES AND GUIDELINES (PART II)

- Planning the practical steps for the creation of the Principles and Guidelines
 - Groups should aim to operationalize the vision statement agreed upon before and identify some key activities – SWOT should be taken into consideration at this stage.
 - Think about the methodology of the Advisory Group's future work, content of our future meetings, work in-between meetings etc.
