1.72.2. If you wish, please comment on the (possibly several) practical procedures of recognition at institutional level

Recognition procedures are very easy and has to be finished within 20 days or 8 days for Foreign Qualification awarded by World Top 500 Universities listed in Shanghai Ranking list in the year of graduating.

Republic of Macedonia also has signed Agreements for mutual Recognition of Qualifications with Bulgaria, Albania, Turkey and Russian Federation.

L73. What measures exist to ensure that higher education institutions have fair recognition procedures for study and training periods abroad?

These procedures shall be included in the Agreements that Higher Education Institutions in Macedonia sign with Foreign Higher Education Institution. Also there is plans for including automatic recognition of the study and training periods abroad by Macedonian Higher Education Institution in Higher Education Act.

III.3. Are there any mechanisms in your country, which encourage or oblige higher education institutions to participate in a systematic monitoring of the composition of the student body?

Yes ▼

III.3.1. Please provide a short description of the mechanisms in place:

According article 77-b of Higher Education Act

For the purpose of following the higher education activity in the Republic of Macedonia, as well as for the purpose of preparing indicators for the quality and fulfillment of the higher education activity and the manner and frequency of their collection, the ministry responsible for the activities in the field of higher education shall provide conditions for implementation and provision of a database of higher education activity. The database shall be implemented and maintained by the ministry responsible for the activities in the field of higher education. The State Education Inspectorate shall control and monitor the information/indicators from the database.

The manner and procedure for keeping the database shall be prescribed by the minister responsible for the activities in the field of higher education.

Other groups:Objective set and period covered Other groups:Policy document (reference and link)

The faculties shall be obliged to deliver data for the database that is kept by the ministry responsible for the activities in the field of higher education, as well as to regularly consult and coordinate with the Board for Accreditation and Evaluation for the purpose of submitting information on the syllabuses and similar.

The faculties shall be obliged to quarterly deliver the data to the ministry responsible for the activities in the field of higher education. The Statistical Office of Republic of Macedonia collect data for higher education too.

III.4. Please indicate the stages at which the composition of the student body is subject to systematic monitoring and the student characteristics which are taken into account at these stages. If there is no systematic monitoring at the given stage, please tick "not applicable".
