Dear Co-Chairs,

During the recent BFUG meeting that took place in Rome on November 27-28 among the issues discussed was the applications for hosting the next 2018 Ministerial Conference as well as the provision of the BFUG Secretariat responsibilities. The two candidate countries France and Georgia confirmed their commitment to organise the 2018 Ministerial events and host the BFUG Secretariat.

In light of the recent discussions on the Future of the Bologna Process and the debates on the international nature of the Bologna Secretariat the candidate countries are willing to consider international composition of the Secretariat to make use the experience and expertise of the different countries.

In case if the proposal of having international and more professional Secretariat will be endorsed than Armenia, as the Vice Chair of the Bologna process, will support the decision. Moreover, in order to secure successful continuation of the Secretariat's activities in the period of 2015-2018 Armenia is proposing the BFUG to consider the possibility to include in the two candidates from the present Armenian Secretariat in the staff of the next Secretariat. The Government of the Republic of Armenia has committed to provide necessary financial support to its potential candidates to carry out their responsibilities.

We rely on your understanding and support in this matter.

Sincerely,

Armen Ashotyan
