

# Employer's Perspective on Employability

# Turning the Bologna Process into a real success

3 major fields of cooperation:

- quality assurance
- employability of graduates
- mobility

## Quality assurance

- system of external experts and peers is needed
- comparable and valid criteria
- common framework at European level

## Employability of Graduates

- Bachelor: broad professional basic knowledge
- Master: designed in two ways
- cross-disciplinary education goals
- study course profiles
- integration of the professional world
- international orientation

## Mobility

- joint degrees
- semesters abroad
- integration of foreign teachers
- ECTS
- diploma supplement

## Conclusion

- Employers support the goals of the Bologna Process
- Employers offer their support
- functioning quality assurance
- link to other European-wide processes
