## Nomination of a BFUG representative to the EUROSTUDENT Steering Board

Hanover, Oct. 24<sup>th</sup>, 2025

Dear members of the Bologna Follow-Up Group Board,

**Contact:**

the EUROSTUDENT project coordinates student surveys in 26 countries of the European Higher Education Area. By providing information on students' socio-economic and study-related backgrounds, their study conditions and experiences, including international mobility, and their living conditions, it aims to inspire policy debates on the topic of the social dimension and lay the ground for further research.

The project work is accompanied by a Steering Board whose members represent the European Commission (EC), the European Students' Union (ESU), the German Federal Ministry of Research, Technology and Space (BMFTR), as well as three representatives of the participating countries (in the current round France, Austria, and Finland), as well as the BFUG. The Steering Board takes on a supervisory function, overseeing the proper accounting and execution of the project. It also acts as a mediator in case of a conflict of interests of the participating countries and the consortium. Finally, the Steering Board provides strategic advice on the progress of the project.

The previous BFUG representative, Yiannis Katsanevakis (Greek Ministry of Education and Religious Affairs) has stepped down from his role in the Steering Board. **With this letter, I kindly ask the BFUG Board to nominate a BFUG representative to the EUROSTUDENT Steering Board for the remainder of the ninth round of the project (2024 – 2027).**

Should you have any questions, I am happy to answer them.

Kind regards,
